

# Making of an artificial cell

Dr S M Patel

# What is difference between Alive and not-Alive?

Can we make a cell, a plant or an animal from simple molecules?

# Building block molecules for cells

Let us list molecules required

# A Free amino acid

# B Amino acids combined in peptide linkages

1

2

## FATTY ACIDS

## TRIACYLGLYCEROL

## PHOSPHOLIPID

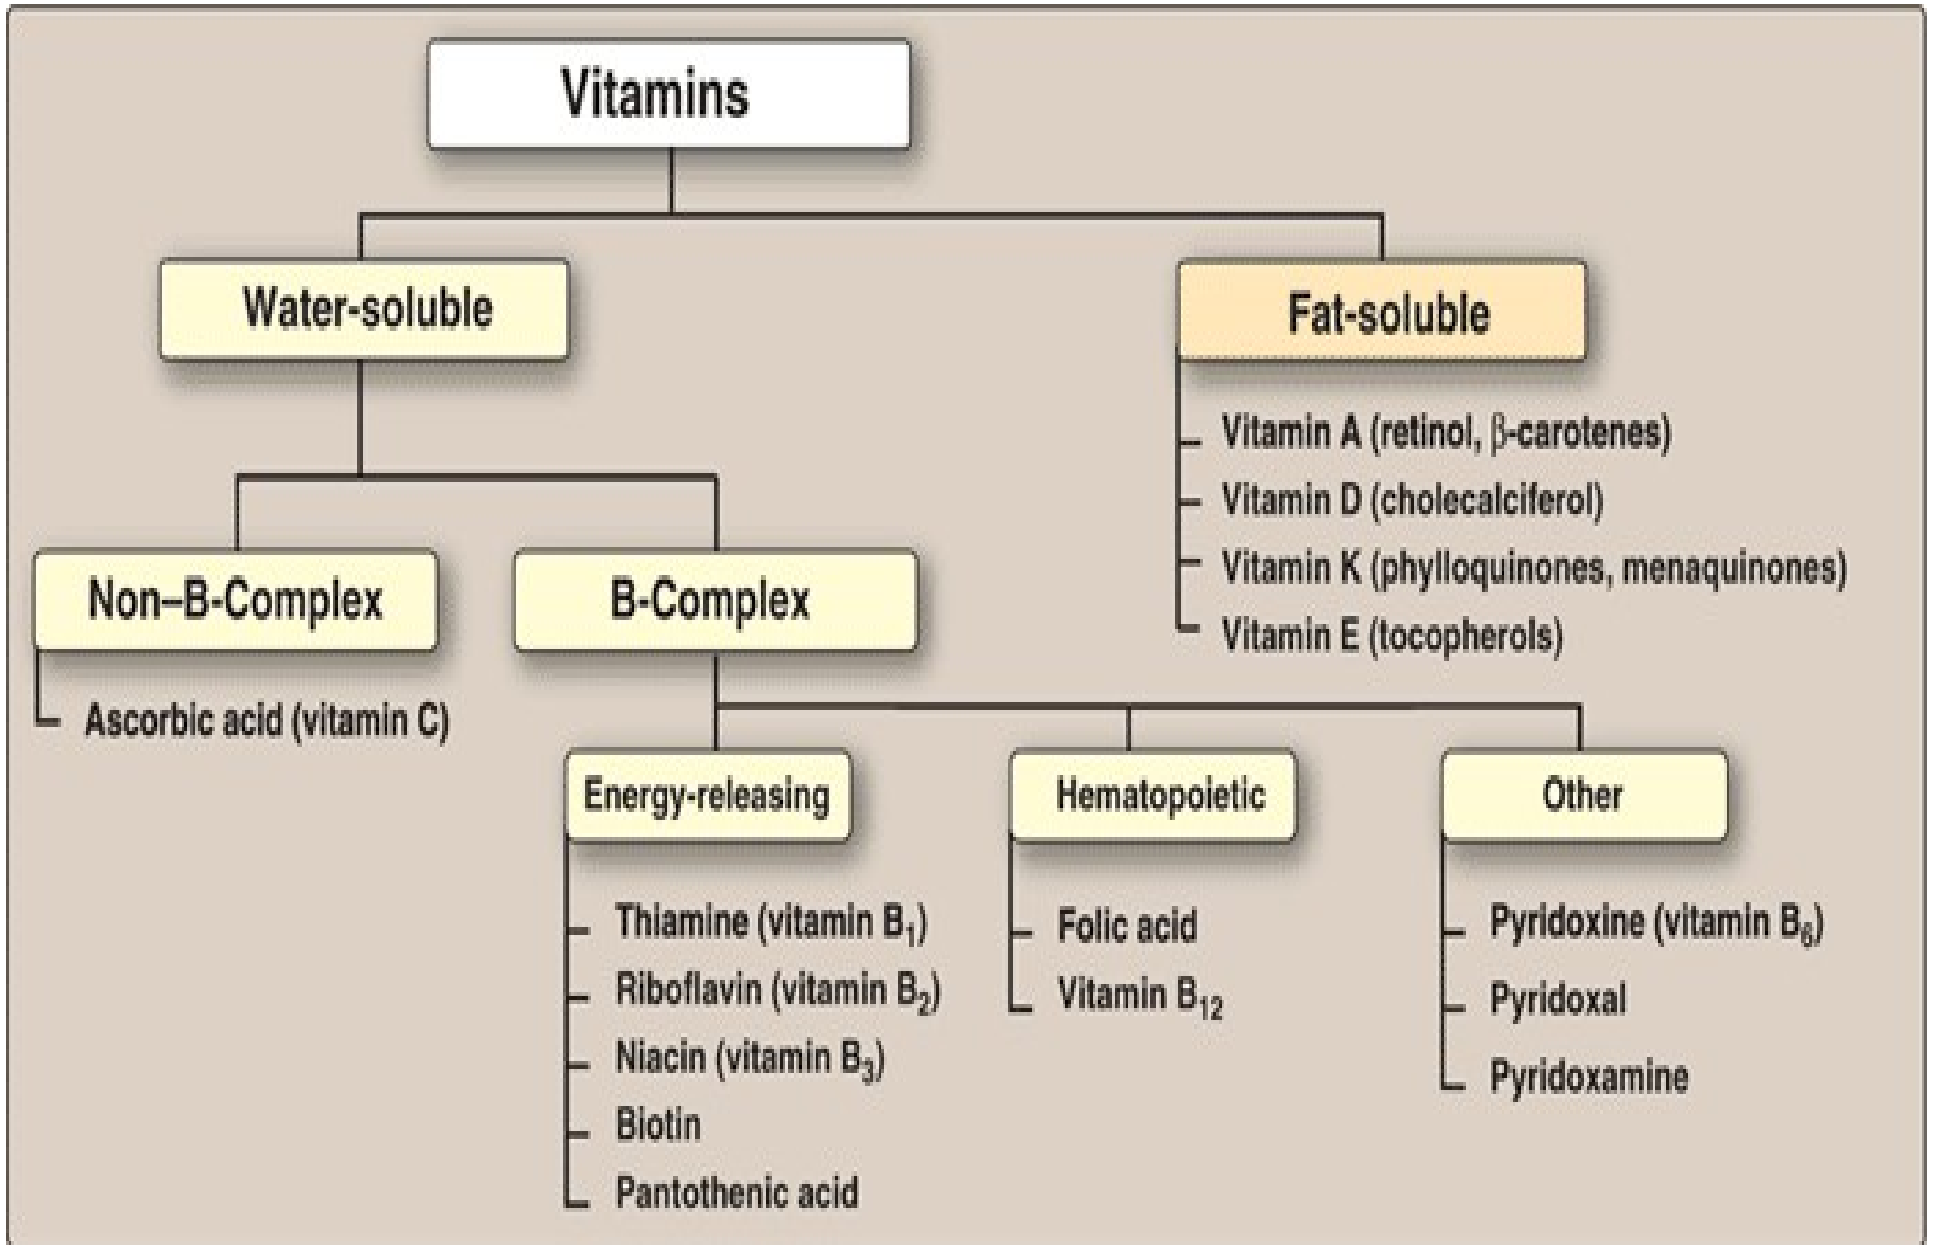

## STERIOD

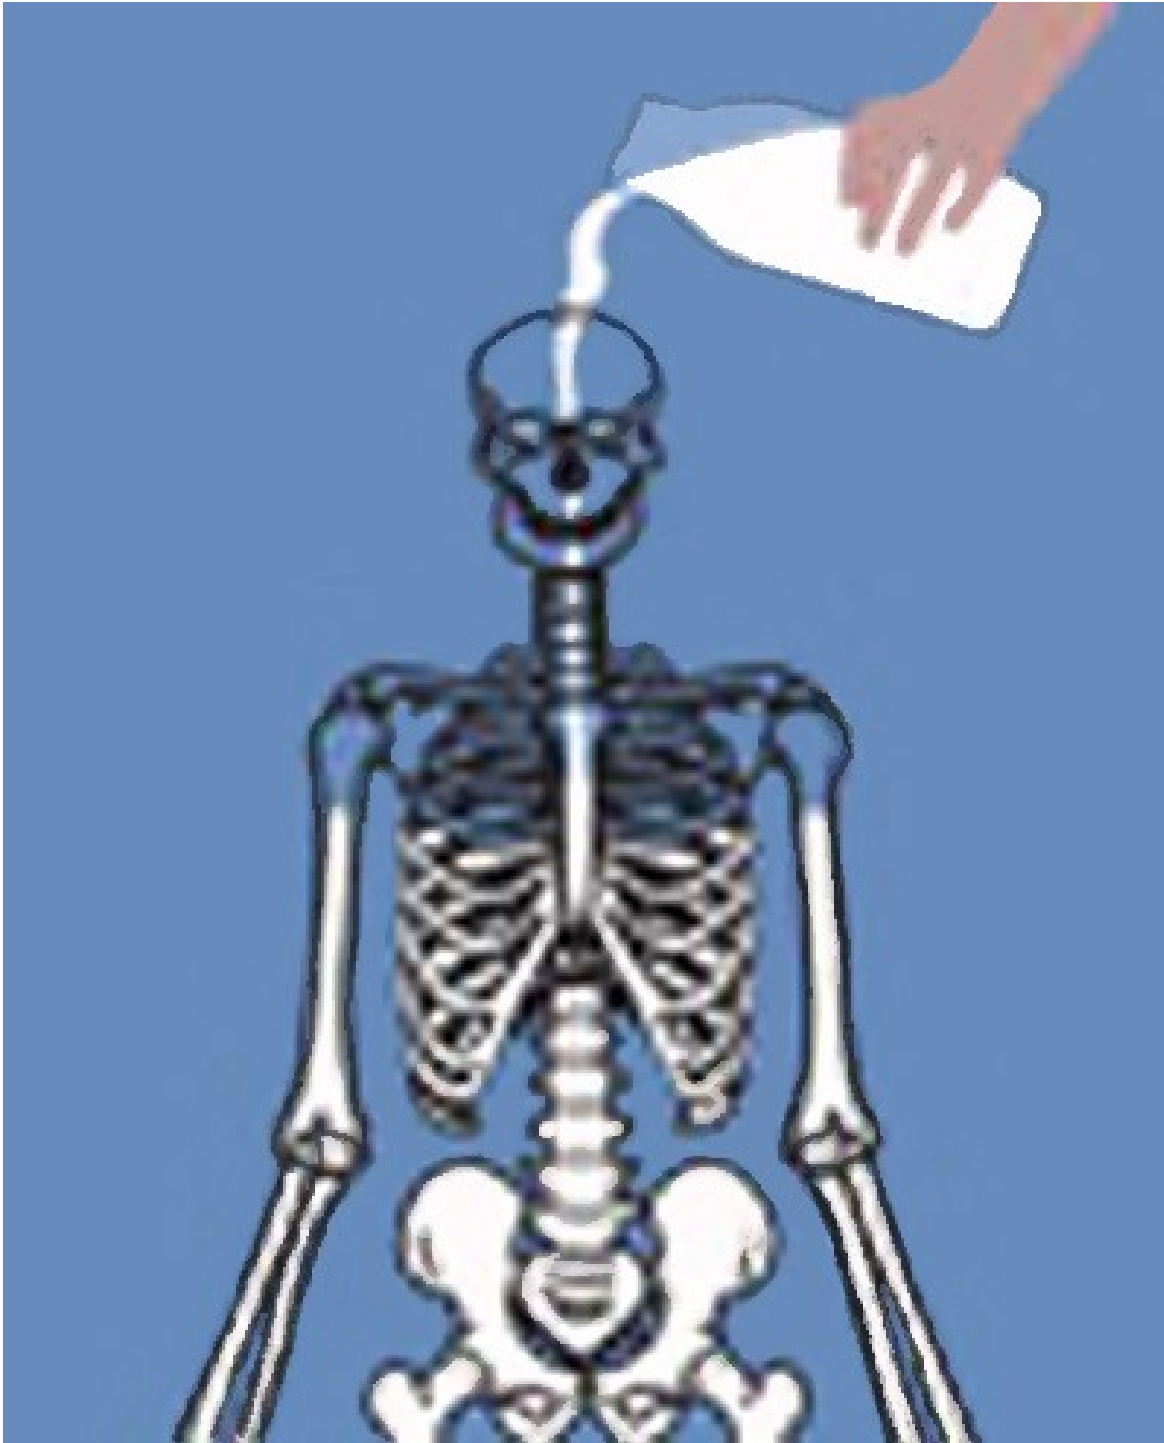

# 3

6

# Percent of   in the Human Body

100%

Fetus

80%

Baby  
at Birth

70%

Normal
