Adverse Drug Reaction Monitoring Centre
Government Medical College
Surat

The following points were discussed in the meeting:

1. Dean Madam welcomed all the members. All the members introduced themselves.
2. Dr Mayur Chaudhari briefed about ADR reporting status of AMC GMC, Surat for the last 5 years as well as Number of ADRs reported during last month.
3. Department wise queries were solved. The radiology department had question about dye related adverse effects. Dept. of pediatric member informed about drug induced fever & hepatitis commonly encountered in their dept. Dept. of TB & Chest informed about they report to DOTS plus too. So we discussed how we can avoid duplication. Contact detail of medical officer of DOTS was shared for co-ordination.
4. Dept. of skin is the one who got number of ADRs from different departments. In the meeting we discussed how the members can report in AMC GMC, Surat. In case of surgery, ortho & ENT dept., members concluded they will send soft copies to AMC to work further. Dept of anaesthesia informed about post anaesthesia ADRs observation, now onwards they will try to send those too. Dept of Medicine may have the maximum number of ADRs to be reported. With the help of resident doctors they will send the ADRs to AMC.
5. Dept. of Ophthalmology had a query about reaction due to local medications which to be reported or not. In the discussion, conclusion came to report those too. Dept of gynecology & dept of psychiatry reassured to send ADRs regularly as before.
6. Importance of ADR reporting form filling and causality assessment was discussed.

In the end meeting was dispersed with the agenda of next meeting.
